## Margarettown

### Gabrielle Zevin

A unique love story by a brilliant new author.

The day the narrator meets Margaret Towne is the day he understands what it is to be deeply, wildly, terminally in love. What he doesn't know is that loving Maggie means loving many women at once...

Part memoir, part fable, *Margarettown* is about how love takes us over and changes our lives; how it makes lies out of truth and truth out of lies. It is the story of what

it takes to love the same person for a lifetime – and about the impossibility of really knowing anything about who it is we have come to love.

Gabrielle Zevin was born and lives in New York and works as a screenwriter; *Margarettown* is her first novel.
